- Promo Code FP2674 **MUST** be referenced on the purchase order in order to qualify.
- All orders must meet catalog minimums for this promotion. FREE GOODS must be called out on PO.
- **1 order per logo applies to catalogue quantities only.**
- Standard lead times apply.
- Any other pricing outside of the limitations of this program will need to be handled through the quote process.
- Combined quantity price will only be applied to the products that are being paid for and must be within the same product family.
- The purchased quantity must equal the minimum order quantity established for that product.
- All additional charges which apply to purchased goods will also apply to free goods such as extra colour run, packaging, etc.

- Artwork must be the same on all units – Purchased and Free.
- Does not apply to spec sample or pre-production orders.
- Standard, published catalogue pricing applies. This offer supersedes any other promotions or pricing for these products.
- Since this is a Free Goods promotion and not a price promotion, this offer does not qualify for the Repeat Order – Repeat Price Program.
- For immediate shipment only.
- For more information on the uni-ball Power Tank RT or to create a 3D virtual sample, visit www.sanfordb2b.ca.
